Basis for Inclusion

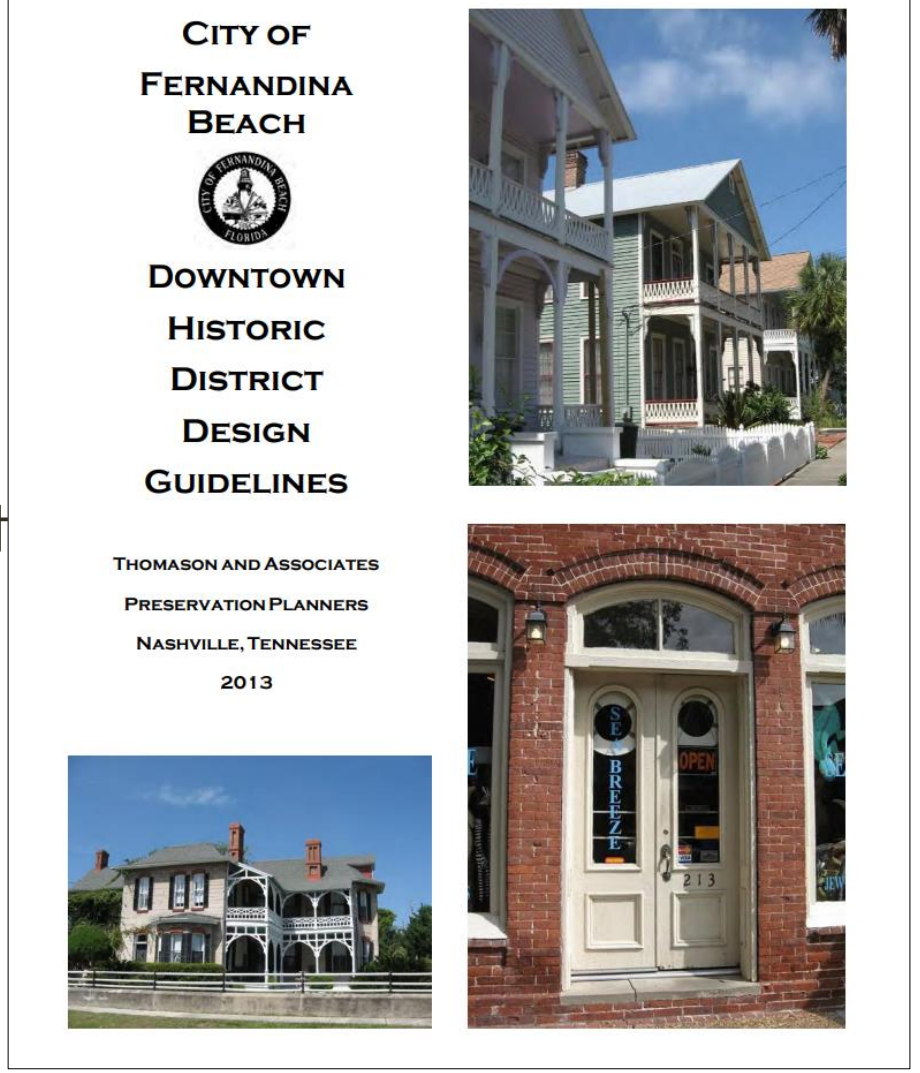
- All structures in the proposed district expansion meet several of the criteria for designation as contributing structures to the National Register of Historic Places Fernandina Historic District, as outlined in Land Development Code section 8.03.02(I).

Basis for Inclusion

- Have value as a significant reminder of the cultural, historical or architectural heritage of the City.
- Have value as a building recognized for the quality of its architecture and retains sufficient elements showing their architectural significance.
- Have distinguishing characteristics of an architectural style valuable for the study of a period, method of construction, or use of indigenous materials.
- Their character is a geographically definable area or neighborhood possessing a significant concentration, or continuity of sites, buildings, objects or structures united in past events, or united in culture, architectural style, or aesthetically by plan or physical development.
- They are suitable for preservation or restoration

Guidelines

As part of the Fernandina Beach Historic District, properties would be held to the regulations of the Downtown Historic District Guidelines which can be found on the City website **www.fbfl.us/historicdistricts**



COAs

- A Certificate of Approval (COA) is required before a permit is issued for work on a historic landmark or site, or any property in a historic district
- Improvements to properties are subject to either staff or HDC approval as set forth in Table 8.03.03(B), the **Certificate of Approval Matrix**

- The addition of these properties to the Downtown Historic District will impose design review on certain permitted activities.
- The ordinance adding these properties to the Downtown Historic District will contain requirements which must be met in order to alter, renovate or demolish these properties. These requirements are identified in Chapter 8 of the City of Fernandina Beach Land Development Code and the City of Fernandina Beach Downtown Historic District Design Guidelines.
- The owners of this property will have the right to vote as to whether they wish to have these properties included in the historic district.
- At the hearing, the proposed historic district design guidelines for reviewing certain permitted activities will be discussed and voted on by the Historic District Council.
- If these properties are included in the Historic District, owners shall be required to obtain a Certificate of Approval before certain work is done on the property.
- Per section 11.04.01 all testimony presented by the applicant, any affected party; any witness for a party, or the staff (other than legal advice given by the City attorney) shall be given under oath.
- A copy of the application may be inspected in the office of the Department of Planning & Conservation, City Hall, 204 Ash Street, between the hours of 8:00AM – 5:00PM, Monday through Friday. The application will be considered in a quasi-judicial proceeding. Copies of the quasi-judicial procedures are available at the Office of the City Clerk and Department of Planning & Conservation and will be available at the meeting. For information on the application, please contact the Department of Planning & Conservation at 310-3480.

101-107 N. 2nd St. is located within a subdivision known as the City of Fernandina. The subvision was layed-out on a series of Spanish land grants acquired by Domingo Fernandez, a ships captain and planter, and his family during the early nineteenth century. Following the acquisition of Florida by the United States in 1821, the heirs of Domingo Fernandez sold the land grants which contained the Eliza or Louisa and Yellow Bluff Plantations to David Levy Yulee, President of the Florida Railroad Company and the first United States Senator from Florida. The Florida Railroad Company recorded the plat of the City of Fernandina in 1857 and the Florida Town Improvement Company revised it in 1887 and 1901.

Constructed in 1882, C. H. 'Huot's 1882 building' is a two-story masonry vernacular commercial building. It is noteworthy for its rounded parapets, continuous molding on second-story windows and for its fleur-de-lis motif on the window keystones. It has been significantly altered by stuccoing. It was originally the second building which C. H. Huot, of France, erected for his sawmill and merchandise enterprises.

Present & Original Physical Appearance (use continuation sheet if necessary)

Two stories and of frame construction, this house would seem relatively non-descript were it not for the rather elaborate "Chinese Chippendale" pattern in the balustrade. This balustrade, in effect, dominates the entire main facade of the building. A large central bay projects from the main facade of the building (south) and is broken at both upper and lower lev el by four single light sash windows. All windows have exterior louvered shutters. The roof is a low pitch oriented east and west with a low cross gable creating a front pediment. Front porch posts are elaborately turned and even the lattice infill between piers is of the same ornate Chippendale pattern. The main entrance to the house is located on the extreme left of the main facade and consists of double panelled wood doors with transom and sreen doors in front. An identical doorway is located immediately overhead at the second level. There is a later addition on the east rear of the house giving the building on overall L-shape. The building is in the process of being restored and is in fairly good condition.

Statement of Significance (use continuation sheet if necessary)

This house was build by Capt. Bill Bell, the same man who built the Lassere House several blocks to the west. This, however, was the house in which he chose to reside. The building is most unique in that the choice of exterior decoration is this elaborate "Chinese Chippendale" pattern which does not occur elsewhere in the city. The building is in hte process of being restored for use as a commercial structure.

CONTINUATION SHEET:

801 Beech St., the Bell House, and now C-House Gifts, is located within a subdivision known as the City of Fernandina. The subvision was layed-out on a series of Spanish land grants acquired by Domingo Fernandez, a ships captain and planter, and his family during the early nineteenth century. Following the acquisition of Florida by the United States in 1821, the heirs of Domingo Fernandez sold the land grants which contained the Eliza or Louisa and Yellow Bluff Plantations to David Levy Yulee, President of the Florida Railroad Company and the first United States Senator from Florida. The Florida Railroad Company recorded the plat of the City of Fernandina in 1857 and the Florida Town Improvement Company revised it in 1887 and 1901.

Constructed in 1889, it is a two-story Eastlake frame residential building. It is noteworthy for its bay windows, two-story ornamented veranda. It has been significantly altered by use as a commercial building. It was originally the residence of Captain Bill Bell. The house was passed down through the family until 1972 when sold to Mr. and Mrs. Jack Coker to become a gift shop. Additions were made on the rear and right side when it was converted into an apartment house during the depression.

Captain James Bell was a harbor pilot. Like most harbor pilots, James Bell and his twin brother, William, had sideline businesses. The Bells were master builders, purchasing real estate and building some of city's finest homes for themselves and others. James Bell constructed the Captain's House at 212 Estrada Street in Old Town which was later purchaed by Captain Robert Downes, another harbor pilot. At about the same time he built for W. A. Mahoney a residence at 303 S. 8th Street. In 1888 William Bell purchased a lot at the northeast corner of Beech and S. 8th Street and in 1889 completed his own home, now known as the C-House. In 1900 William purchased lots at the northwest corner of S. 8th and Beech Streets and constructed 131 S. 8th by 1903 and 125 S.8th by 1904. In 1902 James purchased the lot at 121 N. 3rd St. and bilt a Queen Anne cottage as his home. In 1904 William Bell completed another fine residence at 130 S. 7th Street. Around 1907, William constructed the last of the Bell houses, a residence for his son, Howard, at 714 Beech Street. James Bell died in 1903, and his brother William in 1915. The twin brothers are buried in the Episcopal Cemetery, their graves symbollically marked by identical tombstones.

215 S. 8th St. is located within a subdivision known as the City of Fernandina. The subvision was layed-out on a series of Spanish land grants acquired by Domingo Fernandez, a ships captain and planter, and his family during the early nineteenth century. Following the acquisition of Florida by the United States in 1821, the heirs of Domingo Fernandez sold the land grants which contained the Eliza or Louisa and Yellow Bluff Plantations to David Levy Yulee, President of the Florida Railroad Company and the first United States Senator from Florida. The Florida Railroad Company recorded the plat of the City of Fernandina in 1857 and the Florida Town Improvement Company revised it in 1887 and 1901.

Constructed c. 1926, it is a one-story frame vernacular residential building.

202 S. 9th St., the A. M. E. Church, is located within a subdivision known as the City of Fernandina. The subvision was layed-out on a series of Spanish land grants acquired by Domingo Fernandez, a ships captain and planter, and his family during the early nineteenth century. Following the acquisition of Florida by the United States in 1821, the heirs of Domingo Fernandez sold the land grants which contained the Eliza or Louisa and Yellow Bluff Plantations to David Levy Yulee, President of the Florida Railroad Company and the first United States Senator from Florida. The Florida Railroad Company recorded the plat of the City of Fernandina in 1857 and the Florida Town Improvement Company revised it in 1887 and 1901.

Constructed c. 1899, it is a one-and-a-half-story frame vernacular religious building. It is noteworthy for its flanking towers, pilasters, dentils, and cornice on windows. It has been altered by a frame shed addition to the south side.
