Budget Message

July 16, 2024

City Commissioners, Residents, and Staff of the City of Fernandina Beach:

Please find following this memorandum the proposed Fiscal Year (FY) 2024/2025 budget for the City of Fernandina Beach. This preliminary budget was developed through a series of staff meetings where priorities were identified, and departmental requests were thoroughly reviewed.

The proposed budget reflects total revenues and expenditures in the amount of \$203,312,211. Approximately one-third of that amount, however, is related to cash, revenues, and expenditures associated with the Trust and Agency Funds. With those funds excluded, proposed revenues and expenditures balance to a total \$133,286,124, which represents an approximate 5.6% increase over the FY2023/2024 adopted budget. The higher expenditures are primarily the result of national, state, and regional economic factors which is largely increased inflationary cost of labor, equipment, insurance, and materials.

The portion of the proposed budget that typically draws the most interest is the General Fund, which is the primary operating fund for the City, and principally financed by property tax receipts. The proposed General Fund expenditures total \$31,152,903, approximately a 10.6% increase over FY2023/2024. The proposed General Fund budget is supported and based on a modified rollback millage rate. The modified rollback millage rate for FY2023/2024 is 4.6849 and is a reduction to the current adopted millage rate of 4.8298. While the cost of living (+3.4%) and market values of properties (+10.4%) continue to rise, the provisions of the State of Florida's constitutional Save Our Homes limit the increase of "homesteaded" (principal residence) properties' assessed value to only 3.0%.

The proposed property tax levy, at a collection rate of 96%, will generate approximately \$19,414,347. Under the proposed millage rate, homesteaded properties will see NO INCREASE in the City tax burden. Non-homesteaded properties will pay an additional \$1.44 per \$100,000 of Assessed Value.

The Capital Improvement Project Committee prepared a detailed Capital Improvement budget for FY2024/2025. Capital expenditures, funded through property taxes, utility fees, impact fees, loans, federal and state allocations, and grants, are approximately \$35.9 million. Proposed capital projects include familiar improvements to City streets, facilities, and various infrastructure.

With the first phase of the riverwalk seawall completed, the Amelia River Waterfront Park is finally positioned to be completed. This project was recently approved with construction scheduled to begin as we move into FY2024/2025. State appropriations in the amount of \$2,000,000 have allowed for the continued work on the riverfront seawall. With the design work nearly completed, staff will prioritize the next segment for permitting and construction. It has been the goal of many City Commissions to re-open the Alachua Street crossing and that project has begun and will spur additional economic redevelopment of neglected downtown areas and improve traffic circulation. This project is scheduled to be completed by end of calendar year 2024. The Amelia Island Lighthouse Center preservation effort, restoring one of the most significant historic City landmarks, is scheduled to begin in calendar year 2025, this project is made possible with state appropriations in the amount of \$500,000. The Downtown Revitalization project is scheduled to get underway in FY2024/2025 with most of the funds for the first phase of this project being “rolled over” from FY2023/2024.

Staffing changes in the General Fund include two additional police officers, one additional cyber security technician, and downtown manager. Staffing changes within other funds are the addition of two positions within the wastewater division. Other staffing changes (non-financial) are related to the re-organization of several departments to streamline reporting and improve efficiencies.

In accordance with the City’s reserve policy, approximately \$6,300,002, roughly 20.0% of General Fund expenditures, is budgeted for reserves.

The proposed budget has a 3% increase for the City’s water, wastewater, and stormwater fees. As with the other City departments, labor, equipment, and material costs have increased markedly over the past year. City staff is aware of impending federal and state regulations associated with water and wastewater services and is developing appropriate plans for adapting the new regulations, all of which will require additional investment in the City’s water and wastewater systems.

The budget is a lengthy and complex document and requires the support and assistance of not only the City’s Comptroller and her staff, but also every City Department Director. Their leadership, experience, and dedication have placed the City in a strong organizational, operational, and financial position. Of similar significant importance to the Directors are the frequently unrecognized City junior staff: the women and men who serve in public safety, maintenance, parks and recreation, general government administrators, and other supporting roles. This community is served well by proud and dedicated employees.

Fernandina Beach is a beautiful place where many people visit and choose to call their home. Improvements to this slice of paradise must be made carefully and prudently. Many of our challenges pale in comparison to the challenges of other communities throughout this country. We have high expectations for this community, and we should continue to reach those objectives while remaining well-grounded in today's reality. Thank you for your support.

Sincerely,

Jeremiah Glisson
